What Should We Do?

We ask this question and shall ennamely, that we, as entizens, are under Pettis. oligations to do whatever hes in our. Ar the last elect on there were twenty power to give to the people of this country that administration of governthe greatest degree of well-being to the nation; that the instrument for the accomplishment of this object over waich we have an absolute control, is the bailot; that this ballot is not our individnal property only, but is a sacred trust conferred mean us that we might use it affected by our use of it; and that in its use we are to be controlled by public considerations, not by private; that to use it to reward a friend or a kinsman agained to effect such a result. or to show one's neighborly regard, is to prastitute it-to make a corrupt use of it; and a corrupt use of the ballot siens, is making a most odious record necessarily results in the, corrupt use in his official capacity. From March of all public trusts. We wish all would 17, 1885, to March, 16, 1885, he has give due considerations to these princi- dismissed 137 Republican employes of ples. We doem them almost axiomatic tion of every good citizen, no less soldiers, and substituted Democrats. The Democratic than Republicar. Appar. clares that the removals of soldiers ently they have had and still have a were without cause, and in open violacontroling inducace with our Democra. Tion of the law, which commands, that tic fellow-citizens, but in many cases preference shall be given to veterans seem to be in many cases but lattle ps. The Veteraus' Rights Union will anought to be most faithful to them.

We believe that the best interests of of Black. the nation are bound up in the success of the Republican party, els: we are not Republicans. Of course we do not mean to assert that the Republican party is certainly right in all things, both on principle and in practice. But what we wish to say is, that, on the whole and in the long run, the welfare of the people will be most certainly secured by the pre-forumance of the principles and policy of the Republican party in the general government. As honest and faithful citizens, then, we must do what we can to secure the supremacy of this party in the Nation. But the National Republican party is na effect. It is the great volume of the ag purposes, mighty river; but its sources lie back in the ritls that have their rise in the township and county meetings. Peison the sources, and the river itself will be poisoned. If you wish to keep, the river pure, be careful as to its sources. If they be pure and strong and united, then will the river be pure and strong bearing everything before it. And if it be a stream, the waters of which in its parity are fitted to make glad the hearts of the people, the obligation to keep its searce pure and strong and directed unitedly to its supply is a most cur Register, published in Paris, is at

Such a stream we who are Republicans from principle and in deed, be-cribes as, here the Republican party of this Na- Navel meaning man, and firmly convition to be. We know where its source and that the Republic could be save ! is-in the hearts of a patriotic people, by working thateen hours out of the We know too, wherein its strength hes twenty tone. But he has had no train -in the love of the people for its prin tog a d instrated gener is not of the is the Democratic party." This hapciples, its history, its promises for good furticate in the selection of his Cabinet. and in their united support of these Three members of it he tools from the from their township raceting to their Seaate, where they could be urach more National convention, and from their useful, and three others were obscure
